

Directions to Domaine de Beausoleil.

Janvieux 47410 Lauzun

Please contact us - Joy and Daren Felgate on tel: 00 33 (0)5 53 94 16 11 or joyfelgate@live.co.uk at least 4 days prior to your arrival to give your approximate time of arrival and to obtain key collection details.

Assuming that Bergerac will be on the way if you are coming by car, directions are from there. From Bergerac take the N21 south signed 'Agen' (The N21 passes the airport, so if you arrive by plane, take the left turning out of the airport onto the N21). Continue on the N21 through the villages of Bouniages and Plaisance. Just before you reach Castillonnes, take the right turn signposted for Lauzun (D1). Continue on the D1 to Lauzun.

When you reach Lauzun follow the signs for 'Miramont'. After a few hundred metres you will see an agricultural showroom called John Deere on your left and there is a turning on your right directly opposite the showroom. Take this turning and follow the road around an 'S' bend. The road then divides into two, keep right and after approx 200m you will see a sign Domaine De Beausoleil and an entrance to a lane leading up to Janvieux ('Janvieux' is written on the stone wall), turn in here and continue up the lane until you see the house. The accommodation is the next building. Please use the car park provided. Do not drive into 'Jeanvieux' which is another property before you reach us.

From Bordeaux airport – Quickest route is to take the A63 (E72) auto-route southbound (Toulouse). The toll on this auto route from Bordeaux is currently five euro. Take exit 5 for Marmande. This road is the D933 and stay on this following the signs for Seyches and Miramont. When you get to Miramont there will be signs for Lauzun and Castillonnes. Take this road (D1) to Lauzun. As you approach Lauzun, coming down a hill, you will see the John Deere showroom on your right, take the left turning directly opposite the showroom and then as above.

Note: Following a Sat Nav will take you into our neighbour's property, so please follow the directions above.
